DETAILED ACTION

Response to Amendment

1. This communication is responsive to the applicant's amendment filed on 10/30/2006. The applicant(s) amended independent claims 23 and 25-27, and cancelled claim 35 (see the amendment: pages 4-7 and 9).

Allowable Subject Matter

2. Claims 2-3, 6-7, 9, 11; 23-34 and 36 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent **claims 23 and 25-27**, the instant application is directed to a contents selection system, a portable terminal, a server and a method for content selection. For claim 23, the examiner's statement for allowance is based the same reason described in the previous office action filed on 09/18/2006, because newly amended independent claim 23 includes the subject matter of original claim 35, which had been objected to "as being dependent upon a rejected base claim but would be allowable if rewritten in independent form" including all limitations of the base claim and the corresponding intervening claims (see detail in the section of Allowable Subject Matter in the previous office action filed on 09/18/2006). For claim 25-27, the statement for allowance is based the same reason described for claim 23, because newly amended independent claims 25-27 recite the same or similar allowable subject matter as claim 23, particularly including the limitation of original claim 35 and the last limitation element of claim 23.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
